# SPOT MY CAR

## ENTRY POINT

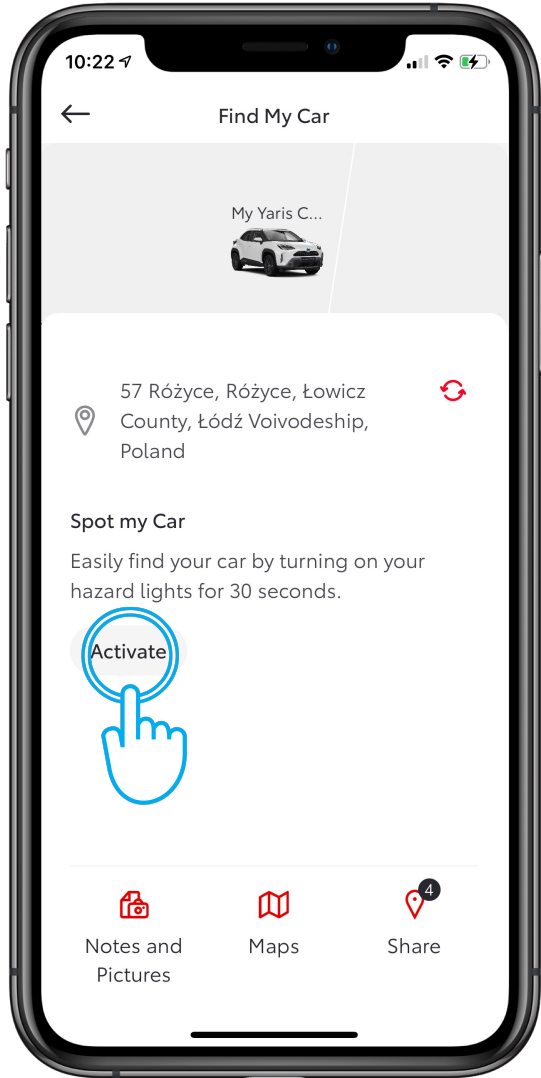

User taps on the Car Location on the homescreen of MyT app or...

...taps on the Find My Car service on the Services screen.

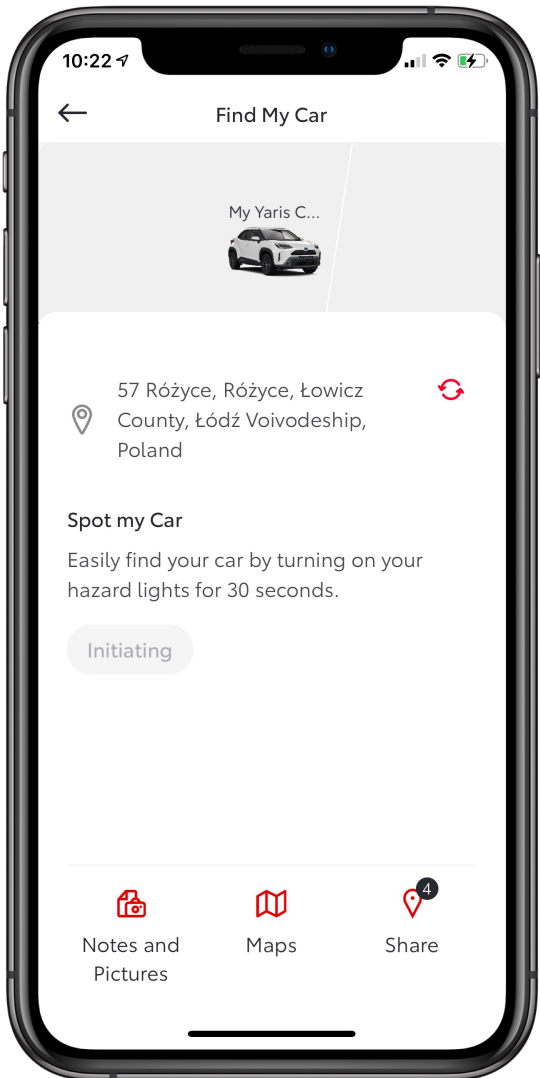

# SPOT MY CAR

## STEP 1

The user enters the Find My Car screen & taps on the Activate button.

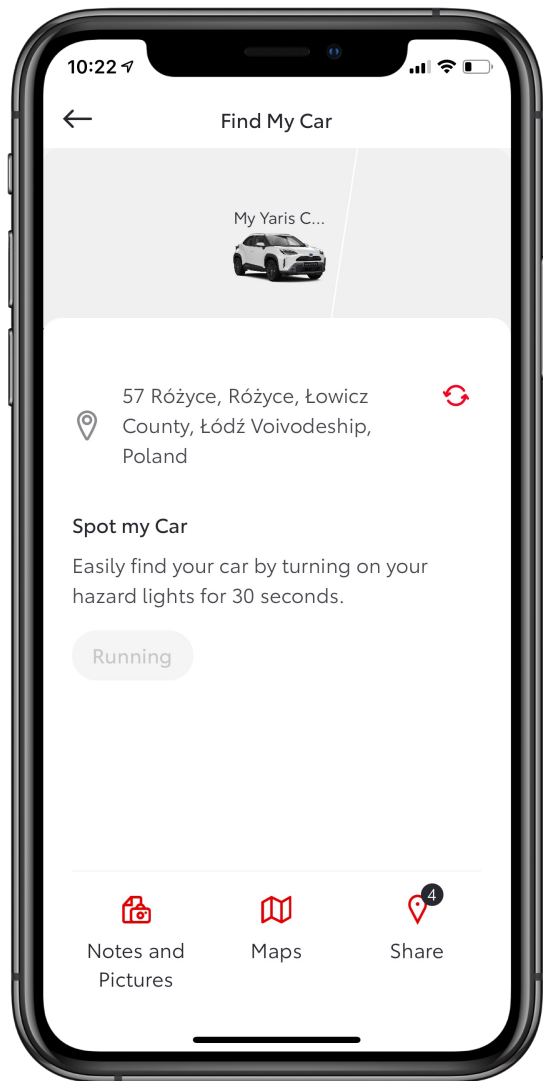

## STEP 2

The app sends a request to activate hazard lights on the user's car.

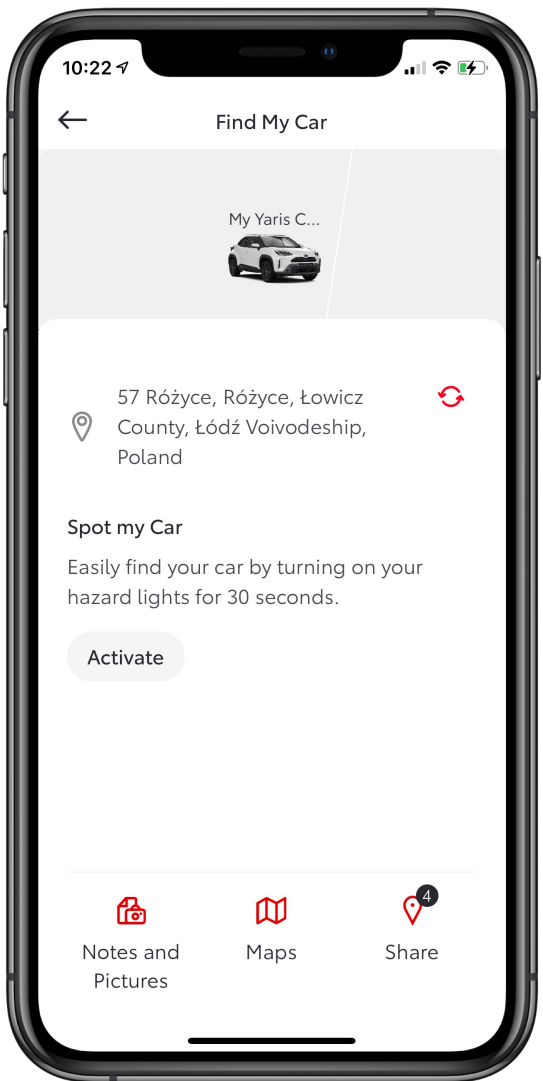

# SPOT MY CAR

## STEP 3

10-30 seconds are needed to activate Car Spotter. Hazard lights are activated for duration of 30 seconds.

## STEP 4

After 30 seconds have passed, the user can again initiate the Car Spotter.

# LIFE HAPPENS WHEN YOU CONNECT

Connected Services are continually improving, therefore visuals and app screens in this guide may slightly differ from those seen in your MyT app.
